- 1-day pass: thoughts about taking second tier and making at the door price. Consensus:
 - The price for second tier preregistration will be identical to first tier pricing.
 - The price for at-the-door registrations will be identical to the old second tier pricing, less the family and group

registrations which will only extend until July 15th, as before. * * Preregistration end date will remain the same (June 15th). * * Implementing a "day pass" that's a half of the old second tier (new at-the-door) price (\$10).
